

ART FOR JOBS

Sponsorship Opportunities

Your sponsorship of Art for Jobs directly supports Memphians who are working to move from poverty to financial security. In 2016, the Advance Memphis Staffing Program employed 106,000 hours worth of work from our Grads at 25 different local businesses, earning \$1,036,000 in gross wages. Many have also gone to work with other business partners, earned GEDs, grown their businesses through our LAUNCH program, and opened matched savings accounts. Join us in supporting these Memphians.
